

## Charlie Singleton Bio

For more than 3 decades, Charlie Singleton, aka the “Phantom” has been a principal member of the world renowned musical group CAMEO. As a writer, guitarist and vocalist, Charlie has been a major factor in Cameo’s sound and his creative efforts have contributed to the group’s phenomenal success. Charlie Singleton has also produced, written for, recorded with as well as performed with some of the biggest names in the music industry, and his collaborative efforts with Cameo as well as other artists have contributed to the sale of more than 50 million albums worldwide.

In 1985, Charlie Singleton launched his solo career while maintaining a presence in Cameo. His debut album on Arista Records entitled “Modern Man” spawned the hit single “Make You Move On Me” which landed at number 8 on the Billboard R&B charts. To his credits, Charlie has released 3 solo albums on 2 major labels, along with 2 double CD ventures under his trademark “Phantom” Ubangee Entertainment Label. With his trend setting style and electric stage presence, Charlie’s signature Funk Rock guitar style has become legendary. His body of work spans generations and encompasses a wide demographic as he continues to be a viable and marketable entity. From jazz to classical, from rock to funk, from hip hop to country, Charlie Singleton has covered the spectrum and is considered to be one of the most influential musicians of his generation.
